

SECTION 12

OPTIONAL MODULES

JANUARY 2015

SUSTAINABLE
FORESTRY
INITIATIVE

SFI-00001

OPTIONAL MODULES

SFI Inc. has developed a process for the *SFI program* to address emerging issues and new opportunities, such as start-up templates for new *Program Participants*, carbon markets, short rotation woody crops, conservation easements, small lands, etc. through optional modules developed by *SFI Inc.* and approved by the *SFI Inc.* Board of Directors. These modules will provide implementation assistance using case studies or optional certification requirements to address specific issues of benefit to the *SFI program*. Any modules developed prior to the next standard review process in 2019 will be added in this section.
